

Workshop Speakers and Topics:

Sonoma RCD Staff – Rangeland management, engineering resources, forestland and stream restoration and enhancement techniques

Drew Loganbill, USDA-NRCS – Project implementation process and resources available to landowners for technical assistance and funding

Jill Butler, CalFire – Project funding opportunities within CalFire and other agency support

Brook Edwards, The Wildlands Conservancy – TWC stewardship efforts at Jenner Headlands, utilization of local resources and funding for implementation

APRIL 17, 2017

LANDSMART WORKSHOP: FOREST & RANGE STEWARDSHIP

Services and Funding for Landowners and Residents

When: Monday, April 17, 2017

Time: 6-8 pm

**Where: Russian River Sportsmen's Club, 25150 Steelhead Blvd.
Duncans Mills, CA 95430**

The Sonoma Resource Conservation District (RCD) is hosting an informational workshop for both small and large range and forest landowners. Hear from agency partners and RCD conservation planners who can help you manage your land and connect you with available funding programs.
