

Kincade Fire

Natural Resources Recovery Guide

This document will be frequently updated – if you find errors or omissions or wish to add your resource, please contact Shannon Drew at sdrew@sonomarcd.org

Last update: 11.4.19

In an Emergency, Call 911

If you smell natural gas, see downed power lines, or suspect another emergency situation, leave the area immediately and call **9-1-1**.
Then, call PG&E customer service at **1-800-743-5000**.

- Sonoma County Emergency Public Information Hotline: **(707) 565-3856**
- Animal Services Dispatch: **(707) 565-7100**
- Text the keywords “SOCO DISASTER” to 898211 to receive texts with disaster information & updates
- County of Sonoma Emergency information website:
<https://socoemergency.org/>
- State of CA Power Outage and Fire Recovery Resources web page:
<http://response.ca.gov/>
- For Non-Emergency Health and Human Services Resources, dial **2-1-1**
 - 2-1-1 Local Phone: **(707) 565-2108**
 - 2-1-1 Toll Free: **(800) 325-9604**

For additional community information and disaster recovery resources, visit:

<http://sonomacounty.ca.gov/EOC-and-PIO/Fires-October-2017/Community-Information-and-Recovery-Resources/>

This link will be updated as resources specific to the Kincadee fire become available.

Post Fire Floods: BE PREPARED!

Fire increases the risk of **flash floods**, so keep an eye to the sky. Know what the weather is doing around you and be prepared to move to higher ground if necessary. Sonoma OneRain provides real-time rainfall, river-stream and reservoir data: <https://sonoma.onerain.com/home.php>

Have an emergency kit ready in case you need to leave your home in a hurry. Be sure to have enough medication, water, clothing and non-perishable food for 14 days.

If your home survived the fire, it is highly recommended that you obtain National Flood Insurance Program home insurance from FEMA. Speak with your insurance agent for details.

Homeowner, Business, and Landowner Resources

Sonoma Resource Conservation District (SRCD)

Contact: Shannon Drew

(707) 569-1448 x110

sdrew@sonomarc.org

<https://sonomarc.org/>

Programs:

- **Technical Assistance information and site visits** to help landowners to determine needs and appropriate actions concerning erosion, forest damage, and other natural resource concerns.
- **Natural resource permit assistance** on a fee for service basis.
- **Community Education Programs** as feasible, the RCD will organize community workshops and meetings to share information about post-fire land management. Please check the RCD website and/or sign up for our eNews for more information.

Resources:

- **Natural Resources Recovery Guide** provides information for landowners as to what services local, county, and state organizations provide. Contact information, ways to acquire additional information, and general descriptions of programs and resources are supplied where applicable.
- **Website** will be updated regularly to include pertinent information regarding services and funding offered by the SRCD and other agencies for fire recovery.

Gold Ridge Resource Conservation District (GRRCD)

Contact: William Hart

(707) 823-5244

william@goldridgercd.org

<http://www.goldridgercd.org/>

Programs:

- **No-Till Drill** rental sign-ups through the Gold Ridge Resource Conservation District. The cost is free for those that have been impacted by the fire. For residents within the District the cost is \$150/day and \$200/day for outside the district. Call the GRRCD to make your reservation. Renter is responsible for pick up and drop off of the drill.

Benefits of using a No-Till Drill include;

- Reduces non-point source pollution
- Reduces soil erosion
- Protects water quality
- Helps build soil structure
- Reduces chemical runoff
- Reduces soil compaction
- Provides a permanent ground cover Retains soil moisture

Natural Resources Conservation Service (NRCS)

Sonoma County

Drew Loganbill

(707) 794-1242, ext. 107

Andrew.Loganbill@usda.gov

Lake County

Korinn Woodward

(707) 262-7091

Korinn.Woodward@usda.gov

Programs:

- **Technical and Educational Assistance** for landowners impacted by fires that are faced with erosion and flooding in a damaged watershed.

- **Environmental Quality Incentives Program (EQIP)**

EQIP provides financial and technical assistance to agricultural and forestry producers to address natural resource concerns and deliver environmental benefits such as improved water and air quality, conserved ground and surface water, reduced soil erosion and sedimentation, and improved or created wildlife habitat.

Please contact your local field office before starting work so that you are signed up for any financial assistance that may be available to help pay for practices.

Resources:

- **Publications, Fact Sheets, and Videos** can be found on the NRCS website at <https://www.nrcs.usda.gov/wps/portal/nrcs/main/ca/newsroom/features/>
- **Sonoma County *After the Fire* Fact Sheet series** may be found here <https://www.nrcs.usda.gov/wps/portal/nrcs/detail/plantmaterials/technical/publications/?cid=stelprdb1044051>

Cal Fire (California Department of Forestry and Fire Protection)

Contact: Northern Region, Sonoma-Lake-Napa Unit
(707) 967-1400

Any issues regarding erosion control/ BMP/suppression repair work performed by Cal Fire or their contractors should be directed to:

Cal Fire Unit Forester Sonoma-Lake-Napa Unit
Kimberley Sone
(707) 576-2344

Programs:

- **Cal Fire Foundation**, through the **SAVE Program**, partners with fire departments and respective units across the state of California to provide assistance to communities affected by the fire.
- Variety of programs which provide assistance to the victims and communities affected by natural disaster
 - Programs support various needs throughout the aftermath of a natural disaster, ranging from immediate assistance to long-term recovery.

Contact:

(800) 890-3213

cafirefoundation@cpf.org

<http://www.cafirefoundation.org/resources-north-bay-fire-victims/>

Resources:

- **Cal Fire** implements post fire safety measures including straw wattle dams, removal of burned tress and power lines, and sandbags near structures to prepare for winter storms after a wildfire. Additional measures may be necessary on your property in addition to what is provided by Cal Fire. Cal Fire

recommends visiting the *Ready for Wildfire - After a Wildfire* website to learn more about actions to take after a wildfire.

<http://www.readyforwildfire.org/After-a-Wildfire/>

Cal Fire Forestry Assistance Specialist (FAS)

Contact: Sonoma, Napa, Solano, and Mendocino Counties
Meghan Reeves
(707) 888-7331

Programs:

- **Forestry/Landowner Assistance** Cal Fire administers several state and federal forestry assistance programs with the goal of reducing wildland fuel loads, improving the health and productivity of private forest lands, and expanding and improving management of trees and related vegetation in urban communities across California. The Forest Stewardship Program and California's Forest Improvement Program (CFIP) offer cost-share opportunities to assist individual landowners with land management planning, conservation practices to enhance wildlife habitat, and practices to enhance the productivity of the land. The Urban Forestry Program provides technical expertise and grants to create and maintain sustainable urban forests. Utilizing experts in forest pests and diseases, the Forest Health Management Program provides information to landowners and makes recommendations to the Board of Forestry regarding the health of California's forests. The L.A. Moran Reforestation Center specializes in cone processing and seed storage to provide a vital, long-term depository to private and corporate landowners for their future seedling needs.

Cal Fire Urban and Community Forestry Program

James.Scheid@fire.ca.gov

Napa County
Julia Gowin
(916) 201-8942
Julia.Gowin@fire.ca.gov

Programs:

- The mission of Cal Fire's **Urban Forestry Program** is to lead the effort to advance the development of sustainable urban and community forests in California. Trees provide energy conservation, reduction of storm-water runoff, extend the life of surface streets, improve local air, soil and water quality, reduce atmospheric carbon dioxide, improve public health, provide wildlife habitat and increase property

values. In short, they improve the quality of life in our urban environments which increasing numbers of Californians live, work, and play.

CA Department of Alcoholic Beverage Control (ABC)

Center for Social and Environmental Stewardship

Contact: **Kellen Johnston, Restoration Projects Manager**
(707) 838-6641 ex. 508
Kellen.johnston@cfSES.org

Programs:

- Youth Crews deliver quality work and offer a variety of services:
- Watershed restoration
 - Invasive Plant Removal

- Fire Fuels Management
 - Ecological landscape
 - Interior and exterior construction
- Organization gives underserved youth valuable work experience while ensuring your project gets done thoroughly, safely, and with experienced leadership.

Conservation Corps North Bay

Contact: Tyler Pitts, Director of Environmental Programs and Contracting
tpitts@ccnorthbay.org

Programs:

- **Natural Resources Crews** are led by skilled technicians. Crews can range in size from 5-10 crew members, and have experience in projects including:
- Erosion control design and installation
 - Habitat restoration
 - Planting trees and native plants
 - Check dam construction
 - Hazard tree removal
 - Sandbagging
 - Clearing/repairing culverts and drainage systems
 - Non-hazardous debris removal and hauling
 - Small- to medium-scale grading
- As a 501(c)(3) nonprofit organization, Conservation Corps North Bay is able to partner with numerous federal, state, and local agencies to implement projects and programs utilizing disaster recovery funds and grants.
- If the above list does not encompass the scope of work needed, please inquire about additional services

Farm Service Agency (FSA) of USDA

Contact:

Sonoma County

Lisa Velasquez

(707) 794-1242 ext. 3

lisa.velasquez@usda.gov

Mendocino and Lake Counties

Katherine L. Delbar

(707) 468-9223

Katie.Delbar@usda.gov

Programs:

If there was damage to your crops, livestock, farm equipment, barns, dairy, etc., contact your local Farm Services Agency office about USDA's disaster assistance programs.

- **Emergency Loan Program** to help producers recover from production and physical losses due to natural disasters.

Emergency loan funds may be used to:

- Restore or replace essential property
- Pay all or part of production costs associated with the disaster year
- Pay essential family living expenses
- Reorganize the farming operation
- Refinance certain debts

Applications for emergency loans must be received within eight months of the county's disaster or quarantine designation date. **Contact local FSA office for details and more information.**

- **Other disaster assistance for producers affected by the Kincade Fire:**

Visit the web page links for fact sheets and more details about the following programs.

- Wildfire and Hurricane Indemnity Program Plus(**WHIP+**) <https://www.farmers.gov/recover/whip-plus>
 - Sign-up began 9/11/2019 and will continue into 2020
 - Provides disaster payments to producers to offset losses from qualifying natural disasters that occurred in the 2018 and 2019 calendar years.
 - Covers losses of crops, trees, bushes, and vines that occurred as a result of those disasters.
 - Also includes new programs for both milk losses due to adverse weather conditions and losses to on-farm stored commodities.
- Livestock Indemnity Program (**LIP**) <https://www.fsa.usda.gov/programs-and-services/disaster-assistance-program/livestock-indemnity/index>
 - Livestock death due to wildfire
 - Document livestock death
- Emergency Conservation Program (**ECP**) <https://www.fsa.usda.gov/programs-and-services/conservation-programs/emergency-conservation/index>
 - Cost Share assistance for debris removal, boundary fence, replacement of livestock watering facilities
 - Vineyard and Orchard debris removal, replacement of irrigation

- Tree Assistance Program (**TAP**) <https://www.fsa.usda.gov/programs-and-services/disaster-assistance-program/tree-assistance-program/index>
 - Cost Share assistance for Tree/Vine removal, replacement or rehabilitate
- Emergency Assistance for Livestock Program (**ELAP**) <https://www.fsa.usda.gov/programs-and-services/disaster-assistance-program/emergency-assist-for-livestock-honey-bees-fish/index>
 - Assistance for Losses of Livestock, Honey Bees, and Farm-Raised Fish
 - Pasture losses, stored feed losses
